Green County Development Corporation

In 2005 the Corporation staff and board determined that because of significant changes in the external environment and continued funding pressures, a new strategic plan should be developed. As a result of the strategic planning process the organization adopted new mission and vision statements and created a four-year action plan to address the key strategic issues identified during the process.

Mission:

The Green County Development Corporation's mission is to provide leadership in securing the economic health and success of Green County communities and businesses.

Vision:

Leading the way by...

- building strong collaborative relationships with business, community and regional partners;
- identifying systems that address barriers to economic development;
- developing resources and infrastructure for recruiting, retaining and growing businesses;
- raising awareness and understanding of economic development goals and initiatives; and

...making Green County the LOCATION OF CHOICE!

Core Values

Proactive Business Climate

We work with local partners to develop business-friendly environment and to develop resources and realistic incentives for stimulating private sector investment. We value our artistic richness and support idealism and creativity. We are dedicated to consistently finding innovative and better solutions to provide the best service possible.

Responsiveness to the Public

We hold ourselves accountable to the citizens of our county and are committed to actively seeking public participation. We promote a public process whereby we can respond to the community's needs while balancing competing interests and diverse opinions. We promote mutual respect, courtesy, and thoughtfulness in all interactions. We partner with allies to leverage resources and maximize opportunities.

Quality of Life

We recognize that economic development is essential to maintaining quality of life for the total community. We support an environment where our diverse and eclectic businesses can flourish, and seek mutually beneficial relationships with the business community.

Responsibility for the Environment

We recognize the importance of protecting and improving our natural and built environments and we support development that preserves and creates open and green space within the county.

Green County Development Corporation

Key Roles, Responsibilities & Actions

1. Business Retention & Expansion

GCDC will ensure the expansion and retention of existing industries through a program designed to take advantage of a comprehensive local network of resources as well as direct consultative skill of GCDC staff.

Projects Include: Business Retention Survey, CEO Breakfast, HR Roundtable, Industry Database, and Agri-Business Committee.

2. Community Services

Recognizing that each community is unique and has its own economic development needs, GCDC will provide the appropriate tools and staffing necessary to address economic development in each member community.

Projects Include: Professional Economic Developer consultations, LOIS Data Base maintenance, county web site, and quarterly County economic development seminars.

3. Emerging Business Development

Create a welcoming environment for entrepreneurs and emerging businesses so that those who are interested in developing a business have the tools and resources available to do so. GCDC actively participates in regional initiatives that support and encourage emerging business development.

Projects Include: Business Start-up facilitation, Financing Workshop, and Entrepreneur & Inventors Club.

4. Special Projects/Green County Leaders/Green County Revolving Loan Fund

Invest in community projects, programs and studies that support GCDC's goals.

Projects Include: Administrative support for Green County Leaders program and Green County Revolving Loan Fund, and Evaluate Telecommunications of county.

5. Organizational Sustainability

Ensure that GCDC has the resources available to be a premier public/private partnership that provides sustained leadership in Economic Development for the region that delivers exceptional results.

Projects Include: Annual Report, Annual Business Awards, Quarterly Newsletter, Identification of alternative funding sources.

6. Business Attraction

In 2007, GCDC will develop an aggressive industry recruitment strategy targeting small and medium growth clusters in Green County and SW Wisconsin. This strategy will be a relationship-based campaign and may be conducted in partnership with the SW Wisconsin Economic Development Coalition, the Regional Economic Development Entity, Forward WI or other appropriate entities.

Projects Include: Web site and public relations program.

Contents

Year Started/Located to Green County: 1926

The Swiss Colony is one of the fastest growing direct marketing businesses in the nation. Our catalog sales include our flagship food catalog of cheese, sausage, pastries, chocolates and other gifts of perfect taste, which encompasses 20% of our business. Swiss Colony purchases cheese and sausage from local businesses, but manufactures pastries and chocolates in our Bakery.

The Swiss Colony consistently recruits world-class individuals to form a well-balanced group of professionals. From brand managers to accountants, pastry chefs to IT experts, microbiologists to clothing buyers, art directors to art designers, engineers to professional photographers - we offer a highly diverse workforce. .

Quality Summary: The Bakery was awarded the Excellency level of the American Institute of Baking, and there are a multitude of other awards that have been achieved in our food, packaging and catalog areas. We were also the recipients of the 2003 Wisconsin Ethics Award for large businesses, the 2004 Better Business Bureau Torch Award for Business Ethics & Integrity, and the 2004, 2005 and 2006. Corporate Safety Award in the large employer group from the Wisconsin Council of Safety.
